Gary McIntee inquired about the cost increase to the Perry Point Water District. Delays caused the price increase and should not be the resident's sole burden. Would like the Town and County's involvement to help defray this cost. The need for potable/safe water is great on Perry Point as the lake water is deteriorating and very costly to purify.

Patricia Cusimano a Perry Point resident echoed Mr. McIntee's concerns. She feels she is living in a backwards country, having to travel 2 miles to the Town Building to retrieve drinking water in jugs.

Mr. McIntee stated the value of undeveloped lots will increase with the availability of water. He urged Town and County involvement.
